

Our concert venues may vary yearly. You can find accessibility information from the webpage of each venue (links above). Some of our events are outdoors and thus easily accessible. We will be happy to help with accessibility issues at all our events.

The festival webpage and programme information are in Finnish and English.

During the festival week, we also have events that are free. We aim to keep our ticket prices affordable.

Our festival promotes equality and is multi-cultural.

We are part of Kaikkien festari.

We are committed to improving the accessibility of our webpages and develop them continuously. Feedback on any lack of accessibility can be given via email: [info@festafrika.net](mailto:info@festafrika.net).
